Arkansas volunteer programs for seniors	55

INTRODUCTION

This directory has been prepared by the Department of Human Services, Division of Aging and Adult Services to provide information on aging programs and services administered by the Division of Aging and Adult Services and the area agencies on aging (AAAs).

Also included are in-state toll-free numbers that can be called for assistance that may be needed by older Arkansans and a list of organizations providing services or opportunities for seniors and the state volunteer organizations for seniors.

Questions concerning these programs should be directed to the Division of Aging and Adult Services at (501) 682-2441 or to the appropriate AAA.

For information regarding availability of services in any county, please contact the AAA county office or AAA information number listed for that county. (NOTE: Most 800 numbers listed under the counties or for AAAs are in-state only; out-of-state persons calling for Arkansas information, please contact the main AAA office number for that region.)

If you do not know the county for which you desire information, please contact the Division of Aging and Adult Services 682-2441.

This material is available on the Internet. The Internet address is <http://www.state.ar.us/dhs/aging>

If you need this material in an alternative format, such as large print, audio tape, etc, please contact our Americans with Disabilities Act Coordinator at (501)682-2441 (voice) or 682-2443 (TDD).

Aging Services Summary of Eligibility

A number of services are available to individuals through a variety of funding sources. These sources include funding under the Older Americans Act, state general revenue, dedicated state taxes, and individual and community donations. Please refer to page 52 for Medicaid services.

The following services are available through the area agencies on aging (AAA). Eligibility for these services is determined by those offices. In most cases clients must be 60 or older (unless otherwise identified). Eligibility and payment criteria may change as state and federal regulations are amended or renewed. For the most current information, consult the local AAA or call the Division of Aging and Adult Services.

Priority consideration is given to applicants in greatest economic and social need. A co-payment is not required from individuals who receive these services, however, clients are encouraged to donate if they are able.

Not every service is available in every region and a service available within a region may not be available in every location.

Aging Services

Adult Day Care: Clients must be physically or mentally impaired, and in need of care and supervision for periods of more than 2 but less than 24 hours a day. Program services include meals, transportation and recreational activities in a group setting. Available in AAA regions I, II, III, IV, VII. Also available on private pay basis in some areas.

Adult Protective Services: Clients must be age 18+, endangered and unable to comprehend their danger. Services include investigation of complaints of abuse, neglect or exploitation and, where no family support is available, temporary custody of the clients. Reports should be made to the 24 hour hot-line: 1-800-482-8049. All information is confidential.

Chore Service: Clients must be without significant social support systems able to perform services for them. This is a household service which may include running errands, preparing food, simple household tasks, heavy cleaning or yard and walk maintenance which the client is unable to perform alone and which do not require the services of a trained homemaker or other specialist. This cannot include medically oriented personal care tasks. Available in AAA regions I, IV, V, VI, VII and VIII. Also available on private pay basis in some areas.

Client Representation: Client Representation is an activity under which a client's needs are assessed and services to meet those needs are either provided directly by the Client Representative or arranged for in an organized and consistent manner. Client Representation includes, but is not limited to, such activities as outreach; referral for legal assistance; providing information about and determining eligibility for public benefits such as QMB and SMB; assisting with completion of applications and paperwork; attending meetings on behalf of clients; and providing information and assistance. Clients receiving both Medicaid Targeted Case Management and Client Representation will not receive duplicate services. Available in all AAA regions.

Congregate Meals: Clients must be 60+ (or spouse or disabled dependent of person age 60+). A service providing a hot or other appropriate meal that complies with the Dietary Guidelines for Americans and contain 1/3 the Recommended Dietary Allowance of nutrients (RDA). (2/3 RDA provided if in the same day a second meal is served, and 100% if 3 meals in a day.) The meals are served in a group setting such as a senior center or elderly housing facility and are usually associated with activities to promote social interaction and reduce social isolation. Available in all AAA regions.

Employment Services: Clients must be age 55 or older. This service provides an organized program of counseling, assessment, training and placement in employment, either subsidized or unsubsidized. Financial eligibility requirements vary by funding source. Available in all AAA regions.

Home Delivered Meals: Clients must be age 60+(or spouse or disabled dependent of person age 60+), homebound, and unable to prepare nutritionally adequate meals, and must live in an area where the meal can be delivered. The service provides a hot or other appropriate meal that complies with the Dietary Guidelines for Americans and contain 1/3 the Recommended Dietary Allowance of nutrients (RDA). (2/3 RDA if a second meal is provided for the same day, and 100% if 3 meals.) Available in AAA regions. Also available on private pay basis in some areas.

Homemaker Services: Clients must be in social need and without significant social support systems able to perform services for them. Homemaker services are household management tasks such as menu planning, bill paying, checking account management, etc., that may include, but cannot be limited to, household chores and cannot include medically oriented personal care tasks. The service provider must be trained in household management tasks and be supervised by the provider agency to assure that tasks are completed accurately and appropriately. Available in AAA regions II, IV, and V. Also available on private pay basis in some areas.

Information and Assistance: Available to all older persons, their families and friends. The service includes concrete information about services and benefits and where to obtain them; it may include assistance with referral to an agency providing the service or benefit and follow-up to see if the service was satisfactory. Available through all area agencies and senior centers.

Legal Assistance: Clients must be age 60+ needing legal advice that does not involve criminal charges. Available through all area agencies on aging.

Long-term Care Ombudsman Program: The Arkansas State Long Term Care Ombudsman Program (known as the Ombudsman Program) advocates for the rights of long-term care residents. It is a statewide program of community advocates that addresses the complaints of nursing home and residential care facility residents. Its representatives provide information on facilities, work for systematic change, and monitor the activities of the regulatory system.

Material Aid: Clients must be without significant support systems. Material aid is provision of goods or payment of bills to meet or prevent an imminent emergency. (For example, purchase of basic necessities for someone whose house has been destroyed by fire, or payment of a utility bill to prevent imminent shutoff of service or the distribution of such items as clothing, smoke detectors, eye glasses or security devices.) Available in AAA regions III, IV, VI, and VII.

Personal Care Services: Clients must meet medical requirements for personal care. Basic tasks necessary to enable a client to remain living in the community. Services include assistance with bathing, grooming, dressing, and toileting; food preparation and feeding; and incidental household chores related to the client's health and comfort. It may include transportation to and from medical appointments. Financial eligibility requirements vary by funding source. Currently funded by Older Americans Act and state appropriations. Available in all AAA regions. Also available on private pay basis in some areas.

Repair/Modification/Maintenance: Clients must reside in a home that they own or are in the process of buying, frail, in social need, greatest economic need and without significant social support. Home repairs essential for the health and safety of the elderly owner who is unable to perform the needed work; modifications to make the dwelling more accessible to physically disabled or frail owner; maintenance to service basic appliances, perform pest control, etc. Financial eligibility requirements vary by funding source. Available in AAA regions IV, V, VII and VIII. Also available on private pay basis in some areas.

Socialization: Facilitating client's involvement in activities to reduce social isolation and promote social interaction and well-being through on-going programs of physical and mental activity. Available at Senior Centers in all AAA regions.

Telephone Reassurance: Client must live alone or temporarily alone, or homebound in isolated areas. Service consists of telephone calls at appointed times to check client status; if contact is not made, assistance is sent. Available in AAA regions III, IV, V, and VI.

Transportation: The service transports a client from one location to another so that the client has access to needed services, care or assistance, such as medical services, shopping, bill paying, etc. Service may include escort assistance.

Arkansas Medicaid Programs

Questions regarding Medicaid eligibility or Medicaid services may be answered by the county Department of Human Services Offices.

ElderChoices Program - Provides in-home services to individuals 65 and over, meeting financial eligibility (300% SSI), resources eligibility (\$2,000 - individual, \$3,000 - couple) and medical eligibility (admission criteria to an intermediate nursing facility). These in-home services are designed to delay or prevent institutionalization by maintaining, strengthening or restoring an eligible client's functioning in his or her own home, that of a care-giver or foster home. Services may include the following:

Adult Day Care - Provides care and supervision to meet the needs of four (4) or more functionally impaired adults for periods of less than 24 hours, but more than two (2) hours per day in a place other than the client's own home. Services may include meals, transportation and recreational activities.

Adult Day Health Care - Provides a continuing, organized program of rehabilitative, therapeutic and supportive health and social services and activities to individuals who are functionally impaired and who, due to the severity of their functional impairment, are not capable of fully independent living.

Adult Foster Care - Provides a family living environment for eligible clients who are functionally impaired and who, due to the severity of their functional impairments, are considered to be in imminent risk of death or serious bodily harm and as a consequence are not capable of fully independent living. The home provides supportive services such as bathing, dressing, grooming, assistance with toileting and enhancement of skills and independence in daily living. Client pays for room and board costs.

Chore - Provides heavy cleaning and/or yard and sidewalk maintenance only in extreme, specific and individual circumstances *when lack of these services would make the home uninhabitable*. This service does not include routine lawn and yard maintenance.

Home Delivered Meals - Provides one daily nutritious meal to eligible clients who are (1) home-bound and (2) unable to prepare meals and are without an informal provider to do meal preparation. Each meal must equal one-third of the Recommended Dietary Allowance.

Homemaker - Provides basic upkeep and management of the home and household assistance. May include menu planning, running errands, laundry, essential shopping, meal preparation and simple household tasks. Medically oriented personal care tasks are not included as a part of this service.

Personal Emergency Response System - Provides an in-home, 24-hour electric support system with two-way verbal and electronic communication with an emergency control center which enables an elderly, infirm or homebound individual to secure immediate help in the event of a physical, emotional or environmental emergency.

Respite - Provides temporary relief to persons providing long term care for clients in their homes. May be offered only in situations where there is a formal, primary caregiver.

Alternatives for Persons with Physical Disabilities Program: Provides attendant care and/or environmental modification services to individuals who meet the criteria for intermediate nursing home care. The individual's income should be less than 300% of poverty and meet the resource limits for Medicaid. Persons who qualify may also receive regular Medicaid benefits. Clients must be able to supervise their service providers whom they may choose. Eligible providers must be age 18 and above; spouses and legal guardians are not eligible.

Assistive Living Program: Provides 24 hour supervision and supportive services, including limited nursing services, in a congregate setting to persons age 21 and up who are aged and/or who have physical disabilities. To support independence, services will be provided in a multi-tiered level of care system to adapt to changing needs and individual preferences. Available to Medicaid recipients and private pay clients.

IndependentChoices Program: Provides personal care services to Medicaid eligible persons age 18 + who either receive or are in need of personal care services. Clients have the ability to hire, supervise and pay for their personal care aides with Medicaid funds. This is a pilot program with a treatment and a control group. Persons who enroll have no guarantee that they will be approved for the treatment segment of the program; however, they will be eligible for regular personal care services.

Passages Program: Assists Medicaid nursing home residents age 21+ who have needs that can successfully be met by existing programs to return to their own home or another in the community. The program develops individual transition plans for each participant, utilizing a combination of case coordination; transitional services such as temporary rent and utility deposits, furniture, and home modifications; and temporary support services such as attendant and personal care or companion services.

Other Medicaid Services:

Targeted Case Management - Medicaid clients sixty (60) years of age or older who have limited functional capabilities and need assistance with the coordination of multiple services and/or resources may be eligible for this service. Case management services will assist Medicaid recipients in gaining access to needed medical, social, educational and other services.

Personal Care - A Medicaid client may receive these services if he/she requires assistance with at least two activities of daily living tasks. Services may include assistance with basic personal care, meal preparation, essential household activities and transportation.

Home Health - Medicaid clients may receive assistance with periodic nursing care to preserve life or prevent or delay the necessity of inpatient care. These services include “part-time” or “intermittent” care provided by a registered professional nurse, licensed practical nurse, student nurse or home health aide.

Hospice - Terminally ill Medicaid clients may receive a continuum of care services under this category. Services may include routine home care, continuous home care, inpatient respite care and general inpatient care.

Transportation - Medicaid clients may receive assistance with obtaining transportation to a medical facility. This may include ambulance services.
